THIS NOTICE DESCRIBES HOW MEDICAL/DENTAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This Notice of Privacy Practices describes how we may use and disclose your protected health information (PHI) to carry out treatment, payment or health care operations (TPO) and for other purposes that are permitted or required by law. It also describes your rights to access and control your protected health information. "Protected health information" is information about you, including demographic information, that may identify you and that relates to your past, present or future physical, dental or mental health or condition and related health care services.

1. Uses and Disclosures of Protected Health Information

Your protected health information may be used and disclosed by your dentist, our office staff and others outside of our office. It will be used by those who are involved in your care and treatment for the purpose of providing health care services to you, to pay your health care bills, to support the operation of the dentist's practice, and any other use required by law.

Treatment: We will use and disclose your protected health information to provide, coordinate, or manage your health care and any related services. This includes the coordination or management of your dental/health care with a third party. For example, your protected health information may be provided to a dentist to whom you have been referred to ensure that the dentist has the necessary information to diagnose or treat you.

Payment: Your protected health information will be used, as needed, to obtain payment for your health care services.

Healthcare Operations: We may use or disclose, as needed, your protected health information in order to support the business activities of your dentist's practice. We may also call you by name in the waiting room when your dentist is ready to see you. We may use or disclose your protected health information, as necessary, to contact you to remind you of your appointment.

We may use or disclose your protected health information in the following situations without your authorization. 2. Additional Protections

This Notice of Privacy Practices complies with the Texas Medical Privacy Act. This Act is an example of a state law that provides more protection for patient privacy than is under HIPAA. The Act adopts the basic tenets of the HIPAA Privacy Rules and provides additional protections in some areas where HIPAA has left gaps.

We are prohibited from using your protected health information in marketing of any kind without your written permission. If your protected health information has been de-identified (had identifying information removed), we are prohibited from re-identifying it without written permission.

3. Your Rights
Following is a statement of your rights with respect to your protected health information.

You have the right to inspect and copy your protected health information. Under federal law, however, you may not inspect or copy the following records: psychotherapy notes; information compiled in reasonable anticipation of, or use in, a civil, criminal, or administrative action or proceeding, and protected health information that is subject to law that prohibits access to protected health information.

You have the right to request a restriction of your protected health information. This means you may ask us not to use or disclose any part of your protected health information for the purpose of treatment, payment or healthcare operations. You may also request that any part of your protected health information not be disclosed to family members or friends who may be involved in your care or for notification purposes as described in this Notice of Privacy Practices. Your request must state the specific restriction requested and to whom you want the restriction to apply.

Your dentist is not required to agree to a restriction that you may request. If your dentist believes it is in your best interest to permit use and disclosure of your protected health information, your protected health information will not be restricted. You then have the right to use another Dental Care Professional.

You have the right to request to receive confidential communications from us by alternative means or at an alternative location. You have the right to obtain a paper copy of this notice from us, upon request, even if you have agreed to accept this notice alternatively i.e. electronically.

You have the right to receive an accounting of certain disclosures we have made, if any, of your protected health information.
We reserve the right to change the terms of this notice and will inform you by mail of any changes. You then have the right to object or withdraw as provided in this notice.

You have the right (under other law) to bring a cause of action or otherwise seek relief if you feel we have violated your privacy rights.
